# VISIBILITY IN A DIFFERENT WAY

One of the **key challenges** international hotels face in the European market is **visibility**.

*Our structured solution provides:*

- **B2B:** access to 500+ carefully selected European travel agencies
- **B2C:** exposure to 5,000+ engaged athletes and travel-active families

**It works** because it combines personal outreach with authentic social impact.

**It works** because participation is strictly limited to a select number of hotels.

**It works** because it is built on relationships, not algorithms.

**It works** because it happens in person — not just online.

## PARTNERSHIP GOALS

### BRAND VISIBILITY IN THE EUROPEAN MARKET:

- ▶ **Targeted outreach** to a selected group of over 500 qualified European travel agencies in 4 European countries throughout the year
- ▶ **Visibility** is the first step to bookings.  
**If people don't know about your hotel, they cannot visit you.**

### STRENGTHEN YOUR BRAND IMAGE:

- ▶ **Supporting youth sports** is a respected and meaningful way to strengthen your brand image.

### NEW GUESTS FROM EUROPE:

- ▶ A highly engaged and steadily growing **community of over 5,000 athletes, their families, and friends** connected to the YDZ team through sport.
- ▶ **Clients** of carefully selected European travel agencies, **representing thousands of potential travelers.**

The YDZ team was founded by successful athletes who use their achievements to support hundreds of talented children and young athletes across Europe. Some of their parents work also in travel agencies, creating additional, natural brand awareness and trust.

This program is designed **to build visibility, credibility, and long-term relationships** in the European market – not through advertising, but through authentic presence and social impact.

## WHY IT WORKS

**It works because it combines personal outreach with authentic social impact.**

This program was successfully tested in practice in 2025.

Hotels involved in the pilot phase confirmed that, in addition to strengthening their visibility in the European market, the partnership generated measurable financial returns through **increased guest bookings**.

Final results depend on the attractiveness of the offer prepared by the hotel for the selected audience.

*The YDZ team does not act as a commercial representative or sales agent for accommodation services and does not guarantee the number of guest bookings.*

*The YDZ team promotes the hotel and supports brand image development through inclusion in the Worldwide Collection of Hotels Supporting Youth Sports brochure, positioning the hotel as an active supporter of youth sports.*

## PRICING:

- ✓ We are interested in a **serious and long-term cooperation**; therefore, instead of a purely financial model, we have chosen a **combination of a financial component and hotel stay vouchers**.
- ✓ This structure directly aligns our efforts with your results and **confirms our genuine commitment to actively increasing the visibility** of your hotel.
- ✓ Each confirmed stay generates new guests, additional revenue, and clearly measurable results. A seven-night stay naturally increases on-property spending and creates further revenue opportunities.
- ✓ Providing these stay vouchers further **enhances the attractiveness of your hotel** in our outreach to selected travel agencies and creates a stronger incentive for them to engage with your property in greater detail.
  - When the vouchers are utilized, even the first confirmed stays can cover the full financial contribution of the partnership.
  - If the vouchers are not utilized, your investment is clearly defined and limited to €900 per year (€75 per month), with no additional costs.
- ✓ Unlike many traditional promotional models based on a fixed fee independent of performance, **we focus on ensuring that increased visibility also delivers measurable results**. Our objective is not only promotion, but also tangible **value and profitability for our partners**.

→ **Should you prefer a standard, purely financial cooperation model, you may find this option in the Application Form.** ←
